FROM: Clare Kindall, Chairperson

DATE: September 12, 2014

SUBJECT: Administration and Technology Committee Meeting

In Attendance: Clare Kindall, Leon Davidoff, Chris Barnes, Ron Van Winkle, Jared Morin, Elin Katz, Bill Vallee

The Administration and Technology Committee met on Monday, September 8, 2014, at 5:30 p.m., in Town Hall, Room 312, to discuss the following:

AGENDA

1. High Speed Internet Service
The committee discussed the possibility of having a high speed fiber network built in West Hartford. West Hartford had submitted an application to Google several years ago to solicit their interest in building such a network in West Hartford. Google selected Kansas City as their first network investment. The State's Consumer Counsel, Elin Katz, discussed her efforts to attract potential investors for this type of internet service.
2. Technology update
Jared Morin reviewed the town's technology investments.
3. Other business
No other business was conducted.
